I have connected the drive to my network. Drivers were installed and I have an icon for "WD My Book World Edition (Public)" in Computer(win7), and in Network I have two accessible icons for the device. When I browse to the web interface I am presented with a login screen. I don't have the user and password. This was bought by one of our project managers in a field office. He has since moved ...

Can't login to web interface for the My Book World Edition ...

I am now getting the same problem with my Windows Vista laptop. I had the My Book World Edition installed just fine a few months ago. We moved and am trying to reinstall it on my new network and am getting the "undefined" buttons from the installation CD. Called WD and they are supposed to be sending me a new CD.
