### The Image Of City Kevin

The Image of the City. The Image of the City is a 1960 book by American urban theorist Kevin Lynch. The book is the result of a five-year study of Boston, Jersey City and Los Angeles on how observers take in information of the city, and use it to make mental maps.

### The Image of the City - Wikipedia

In The Image of the City Lynch explores the cities of Boston, Jersey City and Los Angeles revealing the knowledge of the inhabitants and how they view their city. When asked to describe a city, any person would say that a city is a collection of "streets, buildings, sidewalks, bridges," but Lynch prefers to describe the city as a interrelated connection of paths, edges, districts, nodes and landmarks.

The city itself is thus a powerful symbol of a complex society, argues Lynch. An environmental image has three components: identity (the recognition of urban elements as separate entities), structure (the relation of urban elements to other objects and to the observer), and meaning (its practical and emotional value to the observer).
