This is an integral part of the research process. Whether research then has an 'impact' on social policy or social work practice requires us to examine the processes by which research is adopted and utilised by policy makers and professionals (see Sections 1.6 and 1.7). These are some of the concerns for this chapter.

Understanding research for social policy and social work ...

Social policy is how a society responds to social problems. Any government enactment that affects the well-being of people, including laws, regulations, executive orders, and court decisions, is a social policy. In the United States, with its federal tradition of shared government, social policies are made by governments at many levels—local, state, and national.
